SUMMARY

BCA graduate with hands-on experience in full-stack web development through 6 months of industrial MERN stack training and 5 self-built projects. Has worked with React, Node.js, Express, MongoDB, Python, and basic cybersecurity tools. Eager to grow in an entry-level IT or web development role where I can keep learning and contribute to real projects. Available immediately for full-time or internship roles.

Skills

- Technologies: React.js, Node.js, Express.js, HTML, CSS
- Database: MongoDB
- Languages: Python, JavaScript
- Tools: Git, Postman, Kali Linux, QRadar, Wireshark, Splunk

TECHNICAL EXPERIENCE

MERN Stack Developer Trainee, *EuphoriaGenx*

08/2024 – 02/2025

- Completed structured 6-month MERN stack industrial training covering MongoDB, Express.js, React, and Node.js through instructor-led modules and project work.
- Built and delivered 1 full-stack web application independently, and collaborated in team settings using Git, Postman, and code reviews.

PROJECTS

Online Grocery Store 🔗, *MERN Stack*

- Developed an e-commerce platform listing 20+ products with cart management and checkout UI, built using RESTful Express APIs and a React frontend.

Book Management System 🔗, *MERN Stack*

- Created a reading tracker with full CRUD functionality for managing book lists and progress, used by a small group of peers across devices.

Personality Insight UI Application 🔗, *HTML, CSS, JavaScript*

- Developed a 10-question personality quiz with dynamic UI transitions and result mapping — tested by peers, built without any frameworks.

Budget Tracker, *MERN Stack*

- Built a full-stack finance tracker with manual expense logging and automatic spending pattern detection, displayed on a real-time React dashboard backed by MongoDB.

QR Code-Based Attendance System, *Python Flask*

- Designed and deployed a contactless QR code attendance system using Python Flask, enabling real-time student and guest check-ins with dynamic forms and record tracking.

EDUCATION

BCA - Bachelor In Computer Application, *Nimas-George Group of Colleges*

08/2022 – 07/2025

CGPA: 7.64

Higher Secondary Education, *Dumdum Road GOVT. SPONS. High school*

Percentage: 80%

Madhyamik (Secondary Education), *Sree Ramkrishna Sarada Sangha Balika Vidyalaya*

Percentage: 66%

Certificates

Full Stack Development using MERN with AI integration — EuphoriaGenx | Feb 2025

AI Tools & ChatGPT Workshop — be10x | May 2026

Interests

- Reading fiction across genres — I use it to build structured thinking and broaden my perspective.
